

GRILLO

g r i l l o

Region: Terre Siciliane IGP, Sicilia, Italy

Description: From Rina Vecchia vineyard based in Castelvetro there is an outstanding example of what grillo grape can become. After a short maceration the grapes are manually pressed and just the free run is taken. The wine ferments on native yeast and is left on its own on fine lees. Golden yellow in color this wine has a nose at first reminiscing of a riesling with petroleum notes and an aroma of candied lemon apricots and toasted hazelnuts; these notes follow you in a mouth, full, almost opulent with some saltiness like anchovies juice.

Temperature of serving 65F.
