

## CORTESE

**Region:** Piemonte DOC, Italy

**Description:** Made of Cortese grapes, the same ones used to make the Gavi, in a "vivace" (slightly effervescent) way, this wine is refreshing, fun and complex. The effervescence is achieved by not letting the carbon dioxide escape during the fermentation. Dry and delicate but vibrant this wine has a distinctive spring flowers scents and light tropical fruits and almonds aftertaste. You can enjoy it as an aperitif or with seafood, salads and light pasta dishes.
